

## CARCINOID SYNDROME

# A 30-second questionnaire

Do any of the following apply to you?

A warm, dry flushing that turns your face, neck, or chest a deep red or purple?

YES

NO

Frequent diarrhea during the day and/or night?

YES

NO

Wheezing or shortness of breath?

YES

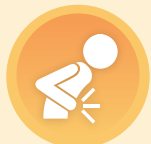

NO

Do you think your heartbeat has been irregular lately?

YES

NO

Do you have frequent abdominal pain?

YES

NO

Do any of the above get worse with physical activity, with eating aged, spicy, or fermented foods, or with drinking alcohol or hot liquids?

YES

NO

If you answered “yes” to any of the questions above, it may be a sign that you have carcinoid syndrome. Make sure to return this test to your health care provider, so he or she can proceed with appropriate testing.
